Re: Comment Letter - Wetland
and Riparian Area Protection
Policy.

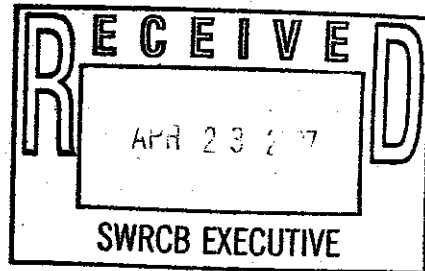

The only alternative that would address the full range of adverse impacts and adequately protect our wetlands and estuaries, is the State Water Resources Control Board's proposed Alternative 4. Alternative 4 should become the preferred alternative in the draft environmental impact report. This is especially important because California can no longer rely on the federal government to protect its unique wetlands.

one

Please proceed expeditiously, and
adopt Alternative 4 as Wetland
and Riparian Area Protection
Policy by the end of 2007.

Sincerely,

Guinevere Breeding
San Clemente CA 92672
